

Copper River Seafoods, Inc. Policy Corporate Contributions And Donations

REQUEST FORM

Copper River Seafoods, Inc. is committed to the people and communities where we do business. As a result, we allocate funds annually that support our core values of Alaskan fishermen and conservation of Alaska's wild resources. These are funds outside of our marketing efforts.

Requests are reviewed on a quarterly basis (January, March, June, September) and fund those that best match/support of our core values.

Note: If the request is for an in-kind donation (i.e. fish), please use this form, as well. Please estimate value of seafood or time being requested as donated in form below.

Completed forms (attached) should be submitted along with any relevant material to support the review process.

Thank you.
